*The Summary of
Peace Generation
Indonesia's Programs*

2021 | NOVEMBER

Rhaska selama ini selalu menyembunyikan identitasnya. Pasalnya Rhaska khawatir dengan persepsi negatif yang beredar tentang paham agama yang dianutnya.

1 Namun dalam Peace Camp yang diselenggarakan di Makassar, untuk pertama kalinya Rhaska berani secara terbuka mengungkapkan identitasnya. Rhaska merasa aman dan diterima.

“Rhaska mau bilang terima kasih sudah menerima Rhaska dan identitas Rhaska sebagai penganut Ahmadiyah. Rhaska baru kali ini diberi perhatian dan apresiasi. Rhaska merasa sangat diterima dan sekarang memutuskan untuk mulai berani mengakui latar belakang Rhaska.” demikian pesan Rhaska kepada Teh Nenden, trainer PeaceGen.

Rhaska adalah satu dari 35 peserta acara Peace Camp yang digelar PeaceGen Indonesia dan PeaceGen Makassar. Melalui kegiatan ini, peserta belajar 12 Nilai Dasar Perdamaian (NDP) lewat berbagai media kreatif. Ada video, podcast, online learning, worksheet, dan modul. Mereka dilatih untuk menjadi agen perdamaian yang mampu berkampanye pada teman sebaya.

Dari Makassar bergeser ke Bali. 50 orang penyintas Bom Bali mengikuti Training Self Love yang diselenggarakan PeaceGen bekerjasama dengan Lembaga Perlindungan Saksi dan Korban (LPSK). Insiden Bom Bali yang terjadi 19 tahun lalu ternyata masih menyisakan luka dan trauma.

Dalam Training Self Love ini, peserta diajak untuk berdamai dengan diri dan bergerak menyongsong masa depan dengan lebih damai dan merdeka. Di akhir acara, beberapa peserta secara khusus menyampaikan bahwa setelah hampir dua puluh tahun membawa luka, mereka untuk pertama kalinya merasakan perasaan yang lebih positif dan optimis.

Acara Training Self Love ini merupakan sebuah program lanjutan dari kerjasama K-Hub dan LPSK dalam memperingati 19 tahun peristiwa Bom Bali.

Itulah dua cuplikan aktivitas PeaceGen sepanjang bulan Oktober. Selain dua aktivitas tersebut, masih ada beberapa agenda yang tak kalah menarik. Rangkaian program Breaking Down the Wall menyelenggarakan Webinar Pendidikan yang mengundang empat narasumber AoP Educator yang menceritakan praktik baik mereka dalam mengimplementasikan 12 NDP di sekolah. Juga, program Frosh yang sedang memproses rekrutmen Mentor Frosh di UPI dan ITB.

Rhaska has always kept her identity hidden. That is because Rhaska is worried about the negative perceptions of her religious beliefs.

E However, at the Peace Camp held in Makassar, Rhaska dared to reveal her identity for the first time openly. Rhaska felt safe and welcome.

"I would like to say thank you for accepting me and my identity as an Ahmadiyah follower. It's the first time I have accepted attention and appreciation. I feel quite welcome and have decided to start acknowledging my own background," said Rhaska to Teh Nenden, PeaceGen trainer.

Rhaska was one of 35 participants at Peace Camp held by PeaceGen Indonesia and PeaceGen Makassar. The participants learned the 12 Basic Values of Peace through creative media, including videos, podcasts, online learning, and modules. Also, they trained to be an agent of peace that was capable of campaigning to their peers.

From Makassar to Bali, 50 survivors from bombings in Bali participated in the Self Love training organized by PeaceGen in collaboration with the Witness and Victim Protection Agency. The Bali Bombing incident, which occurred 19 years ago, leaves scars and trauma.

In the Self Love training, we invite participants to make peace with themselves and move towards a more peaceful future. At the end of

the event, several participants specifically said that after nearly twenty years of carrying wounds, they felt more optimistic for the first time.

The Self Love training is a continuous program of collaboration between K-Hub and Witness and Victim Protection Agency in commemorating the 19th anniversary of the Bali Bombings.

Those are two PeaceGen's activities throughout October. In addition, other agendas are no less attractive. For example, the Breaking Down the Wall programs series held an Education Webinar that invited 4 AoP Educators to share their good practices in implementing the 12 Basic Values of Peace in schools. Also, the Frosh program is currently processing the recruitment of Frosh Mentors at UPI and ITB.

Training Programs

E

Happy Without Bully Training

Through this training, we invite students, teachers, and parents to learn about bullying in more depth. As a result, we have a hope that the number of bullies in Indonesia will reduce. However, it also makes us aware of the dangers of bullying in the future.

21st Century Teacher Training

The pandemic has changed our way of life in various sectors, one of which is education. Face-to-face learning has changed to distance education. Through this training, teachers will learn the blended learning method in distancing education. The results of this training are that teachers can teach subjects in schools accompanied by the application of critical thinking and empathy relevant to the development of the 21st century.

Conflict Makes Epic Training

Through this training, participants learn how to deal with conflict. The learning method is not only exploring the material in the form of modules and worksheets. Instead, we will learn directly through the PeaceBaker Board Game to no longer be afraid to resolve conflicts.

Self Love Training

Training for Agents of Peace who wants to explore the first value of the 12 Basic Values of Peace: accepting yourself. Therefore, we will intensify the exercise to increase self-confidence/acceptance, become more peaceful, and be good at reflection.
