Membentuk Keragaman dengan Kerja Bersama

Sekelompok anak muda shalat berjamaah. Sepintas tak ada yang istimewa. Mari kita kenalan dengan mereka, agar kita tahu cerita dahsyat di belakangnya.

- 1 Anak muda yang jadi imam adalah seorang aktivis organisasi pemuda Ahmadiyah. Sementara yang menjadi makmum ada anak muda syiah, muhammadiyah, NU, Persis, ex HTI, dll.

Pemandangan ini terjadi pada acara Peace Sociopreneur Academy (PSA), sebuah camp bagi anak muda dari beragam kelompok agama untuk kolaborasi menciptakan solusi.

Acara yang diinisiasi oleh PeaceGen dan CONVEY Indonesia ini adalah program dialog antar mazhab (intra-faith dialogue). Namun seperti biasa, PeaceGen selalu menghadirkan kemasam yang berbeda. Tak ingin terjebak pada format dialog dan diskusi, tapi kolaborasi untuk solusi. Perbedaan bukan jadi bahan berdebat, tapi bikin karya hebat.

Sekitar 30 peserta terpilih dari beragam mazhab selama 3 bulan mengikuti mentoring dari para pakar untuk menjawab berbagai masalah. Dari masalah limbah, pemborosan air wudhu di masjid, diskriminasi, hingga intoleransi.

Karya-karya yang mereka hasilkan sangat menakjubkan. Mulai dari video, podcast, musik, hingga board game.

Ini adalah bukti, keragaman bukan cuma bahan untuk diperdebatkan, tapi dikolaborasikan.

Puncak acara PSA dilaksanakan di markas baru PeaceGen di HOPE, Ecocamp. Dikemas dalam bentuk blended event, yaitu talkshow, pementasan dan pameran karya secara offline dengan mengikuti protokol kesehatan. Kami juga menyiarkan secara live melalui kanal Youtube. Acara dihadiri oleh pemangku kebijakan baik dari pemerintah kota maupun provinsi.

Puncak acara PSA ini menjadi pembuka awal tahun yang penuh harapan (HOPE).

Di awal tahun ini Peacegen secara resmi berkantor di HOPE, House of Peace and Ecology. Sebuah ruang bersama buat anak muda berkolaborasi dan berkolaborasi.

Shaping Diversity through Collaboration

A group of young people prayed in a congregation. At first glance, there is nothing special. Let's get to know them, so that we know a great story about them.

- E** The young man who became an imam is an activist for the Ahmadiyya youth organization. Those who become followers are young Shia, Muhammadiyah, NU, Persis, ex HTI, etc.

This scene occurred at the Peace Sociopreneur Academy (PSA) event, a camp for young people from various religious groups to collaborate and create solutions.

The event which was initiated by PeaceGen and CONVEY Indonesia is an intra-faith dialogue program. As usual, PeaceGen always presents programs in a different packaging. We do not want to be trapped solely in the format of dialogue and discussion, but embrace holistic collaboration in our pursuit of solutions. Our differences should not be a matter of debate, but a tool to help us produce great solutions.

About 30 participants, selected from various schools of thought, spent 3 months following mentoring from experts to answer various issues including trash removal problems, waste of ablution water in mosques, discrimination, and intolerance.

The work they produced in the form of videos, podcasts, music, and board games is simply amazing. This is evidence that diversity is not just material for debate, but for collaboration.

The highlight of the PSA event was held at the new PeaceGen headquarters in HOPE, Ecocamp. It included blended events, namely talk shows, performances and offline exhibitions that adhered to health protocols. We also broadcasted it live on our YouTube channel. The event was attended by stakeholders from both city and provincial governments.

Another highlight of this PSA event was the opening of a hopeful year at the House of Peace and Ecology (HOPE).

Earlier this year, Peacegen officially set up an office at HOPE. It is a common space for young people to converse and collaborate.

Cerita Perubahan

Program Peace Sociopreneur Academy (PSA)

- 1 Program PSA yang dilaksanakan pada bulan Oktober 2020 sampai Februari 2021, memberi banyak pengalaman baru kepada peserta yang terlibat. Cerita pengalaman mereka kami rangkum sebagai testimoni atau cerita perubahan yang mereka rasakan setelah mengikuti program PSA. Simak ceritanya berikut ini:

“Jujur ya dulu waktu pertama kali ikutan PSA itu takut, takutnya ada cacian atau omongan-omongan negatif, sampai waktu ditanya beberapa kali di ZOOM ini dari mana aja sampe gak mau bilang dari Ijabi. Makin kesini selama interaksi, yang lain ternyata gak kayak orang-orang di luar dan nggak yang kayak Vieska bayangin. Jadi dugaan Vieska salah dan malah diterima dengan baik.”

- Vieska Pradita Utami (*Ijabi/Syiah*)

“Dari awal saya perhatikan kegiatan PeaceGen ini luar biasa, saya sangat mengapresiasi, karena semua yang hadir di sini adalah para generasi muda muslim yang terdiri dari berbagai macam komunitas baik itu dari Ahmadiyah, Muhammadiyah, NU, Persis, JAI, Ijabi, dan ABI. Dan ternyata mereka diberikan suatu edukasi untuk saling silaturahmi bagaimana meningkatkan perdamaian dengan pendekatan yang kekinian tidak terlepas latar belakang mereka dari mana dengan berkolaborasi membuat video, boardgame, podcast, ataupun media edukasi lainnya. Ini dilakukan untuk menyelesaikan permasalahan yang ada di tengah masyarakat, baik itu isu lingkungan hidup atau sosial dan ini sangat luar biasa.”

- Bambang Sukardi (*Ketua Badan Kesbangpol Kota Bandung*)

Story of Change

from Peace Sociopreneur Academy's (PSA) Participants

- E The PSA program, which was held from October 2020 to February 2021, provided many new experiences for the participants involved. We summarize their experiences as testimonials or stories of change they felt after joining the PSA program. Check out the following story:

"Honestly, when I joined PSA for the first time, I was afraid that there would be scolding or negative talk, until I was engaged several times on Zoom, where I did not want to say that I am from Ijabi. The more often I came here and during future interactions, the others turned out to be not like the other people outside and not like I imagined all this time. My assumption was wrong and I was thankfully well received by the community."

- Vieska Pradita Utami (*Ijabi/Shia*)

"From the beginning I noticed that the PeaceGen activity was extraordinary. I really appreciate it because all who are present here are members of the young Muslim generation from various communities including Ahmadiyah, Muhammadiyah, NU, Persis, JAI, Ijabi, and ABI. It turns out that they were given an education to get in touch with each other on how to improve peace with a contemporary approach that is inseparable from their background by collaborating to make videos, board games, podcasts, and other educational media. This is done to solve problems that exist in the community, be it environmental or social issues and overall this is very extraordinary.

- 1 Mind, Body, and Soul Center by HOPE mengawali jejak dengan mengadakan workshop bertemakan “Tentang Koneksi: Sinkronisasi Tubuh, Jiwa, dan Alam” pada 27 Februari 2021. Rangkaian kegiatan yang diadakan saling berkesinambungan untuk mewujudkan sinkronisasi tubuh, jiwa, dan alam. Mengawali Sabtu pagi dengan kedamaian dan rasa syukur kepada alam yang dihadirkan pada upacara teh. Kebaikan yang disediakan alam juga ditunjukkan dengan hadirnya essential oil yang menemani tubuh dan jiwa. Disampaikan kembali bagaimana alam menghadirkan berbagai kebaikan untuk makhluk hidup.

Healing yoga dijalani bersama tetesan essential oil. Healing yoga kali ini mengenai pernapasan yang baik dan peran essential oil dalam praktik yoga. Praktik apa yang harus kita sadari dan lakukan saat bernapas. Mulai dari pernapasan perut, pemilihan essential oil yang sesuai, serta sinkronisasi tubuh dan jiwa. Sinkronisasi yang tercipta sungguh dirasakan para peserta. Peserta tampak antusias mengikuti praktik healing yoga seperti saat melakukan latihan pernapasan perut. HOPE story

EP#01 Namu di Imah x Mind, Body, and Soul Center

Healing yoga is practiced with essential oil drops. Healing yoga is about good breathing, the role of essential oils in yoga practice, and what practices we should be aware of and do while breathing. Starting from abdominal breathing, choosing the appropriate essential oil, and synchronizing body and soul. The participants felt the synchronization that was created. The participants were enthusiastic about participating in the healing yoga practice such as doing the abdominal breathing exercise. Participants undergo these unique experiences and connect with nature. Participants can also find out about the environment and the '7 Sadar Baru' which was fought for by Eco Camp and the meanings of each awareness are explained.

This first workshop was also held to introduce HOPE, especially the Mind, Body, and Soul Center to the participants. They were also introduced to the work environment, co-learning space, workshops and programs that will be held in the future by Mind, Body, and Soul Center by HOPE.

E Mind, Body, and Soul Center by HOPE started the trail by holding a workshop titled: "About Connections: Synchronizing Body, Spirit and Nature" on February 27, 2021. The series of activities are held continuously to achieve synchronization of body, soul and nature. It started on Saturday morning with an expression of peace and gratitude for the nature presented at the tea ceremony. The goodness that nature provides is also demonstrated by the presence of essential oils that accompany the body and soul. It reminds us again how nature brings a variety of goodness to living things.
